07. Read the following passage and answer the question.

The Bald Eagle

The bald Eagle is a majestic bird .The adult bird has a brown body, brown wings, White head and large hooked yellow bill. Younger birds appear all brown.

Bald Eagles almost always live near water because their main food source is fish. Sometimes, however bald eagles will eat carcasses of animals. They will even steal food from other birds such ospreys and gulls! It was for this reason that the famous patriot Benjamin Franklin preferred the wild turkey as America's National Symbol. Nevertheless the Bald eagle remains America's symbol.
